WHO WE ARE

Grocery trading and ration programs, built for institutions.

Zidane Corporation / Zidane Wholesale Solutions sources and delivers wholesale groceries for institutions, and turns that same procurement capability into ration bags for the people who need them most: corporate welfare, NGO distribution, Ramadan programs and monthly household support.

TWO SIDES OF ONE SUPPLY CHAIN

B2B Grocery Supply

Bulk sourcing and recurring supply of staples, oils, spices and dairy for factories, hospitals, schools and HoReCa operators.

Ration Programs

Custom and fixed-package ration bags for corporate welfare, NGO distribution, Ramadan campaigns and monthly household support.

HEAD OFFICE **B-55, Sector 31-D, PNT Society, Korangi, Karachi**

HOW WE WORK

Procurement, not just supply.

Every order, whether a single bulk delivery or a recurring program, starts with a defined requirement: items, quantities, budget, packaging and delivery locations. We coordinate sourcing, packing and distribution against that specification, with documentation suited to institutional and donor reporting where needed.
